

FLEXU

STEP

RENOVATION OF STAIRS

The renovation of private houses and public or private buildings is gaining popularity. The Flexu-step brings an appropriate solution for the renovation of existing stairs.

The steps have a solid wooden oak top layer that can be colored on demand and if necessary adapted to your parquet floor. The stair raisers can also be furnished. The steps can be provided with a skid-proof rubber.

Dimensions:

100 x 30

130 x 40

130 x 50
